## Pupil Premium Spend

### What is it?

The Pupil Premium is additional school funding for children eligible for free school meals, looked after children and those from families with parents in the Armed Forces.

It is up to the school to decide how it spends this money to raise achievement and improve outcomes for these pupils.

In 2016/17, the school received £203,660.00 of Pupil Premium funding with 196 students eligible for the deprivation funding and 68 eligible for the Armed Forces funding.

### What is our approach?

The Pupil Premium has been used to support the school's 'personalised learning' ethos and to remove barriers to learning.

This has been achieved through:

- A combination of initiatives across the school targeting specific groups of students with particular needs and helping maximise their level of attainment.
- A focus on narrowing the gaps of their attainment between the most and least able students in school.
- Support the emotional needs of specific students.
- To ensure all students, regardless of their background have access to a broad cultural experience.
- To help embed the schools core values of; Integrity, Creatively and Respect into the lives of everyone.

This lead falls within the strategic leadership of the Assistant Headteacher, Director of Inclusion.
